

Forecastle Onshore Services Pvt Ltd

Delivering Smart Logistics Solutions Across the Globe

Forecastle Onshore
Services Pvt Ltd

Welcome!

We are a privately owned global merchant trading, procurement, and supply company that provides clearing and forwarding solutions, logistic support, merchant trade, shipping, cargo, and ocean services with best in class credit and financing capabilities. We trade a broad spectrum of commodities across metal, agricultural products, energy markets and have a strong partnership with the world's leading suppliers.

With a presence across India and offices in Hong Kong, Shanghai, Singapore, and near the Bhutan border, we're redefining what global supply chain efficiency means.

Forecastle onshore services is india's leadingz integrated logistics company, offering transportation, customs clearance, freight forwarding, and warehousing/distribution services.

From domestic operations to international trade, Forecastle simplifies complexity with efficiency, reliability, and professionalism.

LOGISTICS SOLUTIONS

TRANSPORTATION

PROJECT CARGO

From domestic operations to international trade, Forecastle simplifies complexity with efficiency, reliability, and professionalism.

01

AIR FREIGHT

Our air freight solutions don't stop at transportation; they go above and Beyond what most air freight forwarders have to offer.

02

SURFACE TRANSPORTATION

Forecastle onshore service's challenge is to reduce costs, enhance transportation efficiencies, Overcome trade, technical, and paper hurdles, and implement new technologies in order to Meet project deadlines.

03

BREAK BULK

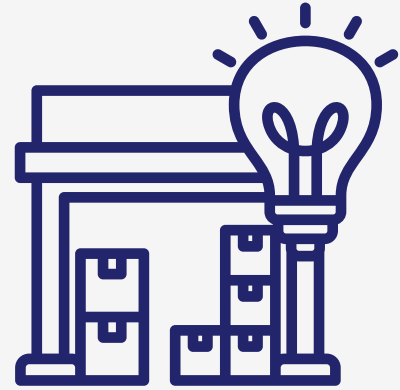

Cargo that is too large or heavy to fit into a flat rack container
Can be loaded straight onto the ship. Break bulk cargo is the term
For this type of cargo.

04

LOGISTICS SOLUTIONS

Forecastle onshore services is continuing to upgrade its warehouse and distribution facilities In order to better serve its customers in areas of warehouse management, inventory control, And order fulfillment.

05
